

Palacio de
SADA

Grenache rosé

This wine is the result of a careful selection of Grenache grapes produced from our own vineyards and made for those seeking high quality rosé with stunning fruit aromas and very pleasant, elegant, fresh flavour on the palate.

Vinification

The juice is bled directly from vat and fermented with indigenous yeasts at low temperatures in order to preserve freshness of flavour.

Vines

Grenache grown in mountain vineyards with cool climatic conditions brought by the nearby Pyrenees. The vines are located around the tiny village of Sada, in the north-east corner of Navarra.

Tasting notes

An attractive pink colour, clean and brilliant, with intense fresh aromas of red berry fruit and notes of tropical and citrus fruit. Round and elegant on the palate with lingering fruit flavour.

Serve at 8° C.

BODEGA DE SADA
