

VILLA  
DE  
SADA

## *Rosé*

The name of this wine is a tribute to our tiny village, around which our vines are grown and where we go about our everyday lives enjoying our work and the warmth of our friends and family.

Vinified with Tempranillo and Grenache grapes, this wine displays a lovely pink colour and has sweet fruit aromas and a very pleasant refreshing flavour on the palate.

It can be very enjoyable as an aperitif or served with seafood appetisers as well as with salads, rice, pasta or vegetable dishes. Best served chilled (8-10° C).
