

Grenache 80 Aniversario

This stunning Grenache wine is produced from our very low-yielding oldest vines. It has superb aromatic power and lovely flavour and elegance. This is a wine of great individual character for enthusiasts of special rare wines. The perfect wine for a very special occasion.

Wine-making

Temperature controlled fermentation followed by a long period of maceration. The wine is then aged over a long period in a combination of different types of barrels and oak until it has reached its optimum moment to be bottled.

Tasting notes

The nose is complex, while the fruit and oak aromas are perfectly integrated, providing attractive notes of spice, toast and ripe fruit. Very intensely-flavoured on the palate with superb character that has great terroir expression. Meanwhile, the toasty notes continue coming through with balanced acidity, combining to give a rounded wine with good length of flavour.
